

ROCKBLADE electric hardening furnace

Product price:

€1,690.00 tax excluded

Product codes:

Reference: FourBMK

EAN13: -

UPC: -

Product description:

Ideal for cutlery work, the ovens in the ROCKBLADE range are created specifically for heat treatments.

They have: an easy-to-use temperature controller with programmable safety alarm, a safety switch placed on the door which cuts the power supply to the resistors when the door is opened and thermal insulation of the door. structure composed of composite fibers and insulating bricks to guarantee excellent thermal performance. All this allows precise and constant temperature maintenance, perfectly suited to the quenching technique.

3 furnaces available, ie 3 different lengths with the same chamber section.

FourBMK380

Dimensions of the fireplace: Width. 125 x High. 105 x Deep 380 mm.

Power 1.75 kW.

External dimensions: Width. 340 x High. 475 mm x Depth. 560 mm.

Weight: 42 kg.

FourBMK500:

Dimensions of the fireplace: Width. 125 x High. 105 x Deep 500 mm.

Power 2.2 kW.

External dimensions: Width. 340 x High. 475 mm x Depth 680 mm.

Weight: 50 kg.

ON ORDER (BLACK COLOR ONLY):

FourBMK600:

Dimensions of the fireplace: Width. 125 x High. 105 x Deep 600 mm.

Power 2.5 kW.

External dimensions: Width. 340 x High. 475 mm x Depth 800 mm.

Weight: 55 kg.

Super insulation for maximum efficiency with low electricity consumption.

Works on a 220V single-phase household outlet.

Maximum temperature: 1200 ° C.

Programmer: 0 to 1200 ° C.

Rapid rise in temperature: 1200 ° C in about 30 minutes.

High temperature resistant paint.

CE certifications.

For the FourBMK 380 and 500, the color may vary depending on the arrivals:

Army Green - Yellow - Red - Green - Orange - Vintage - Black.

You can indicate your preference at the end of your order but we do not guarantee its availability.

Oven on order on 04 50 98 63 80 if you want a specific color and we don't have it in stock.

Technical assistance and after-sales service provided by Michel Vaillant.

Product features:

Product short description:

3 focal depths available: 380, 500 or 600 mm

Product attributes:

Libellé: Dimensions 130 x 105 mm - Prof. 360 mm, Dimensions 130 x 105 mm - Prof. 500 mm, Dimensions 130 x 105 mm - Prof. 600 mm, Dimensions 80 x 105 mm - Prof. 1000 mm (sur commande)
